VOL. VII. NO. 184.

SANTA ANA, CALIFORNIA, WEDNESDAY EVENING, JULY 17, 1912.

50 CENTS PER MONTH

WORKS TO-DAY ASKED TO RESIGN

Progressive Republicans Wire
California Senator to Give
Up Seat

HIS ATTITUDE AGAINST
THIRD PARTY CENSURED

Works Declared Out of "Har-
mony With Progressive Sen-
timent of California"

LOS ANGELES, July 17.—
Incensed by the statement of
United States Senator Works
in Washington against the pro-
posed third party, forty Los
Angeles progressive Republi-
cans signed a telegram to the
Senator advising his immediate
resignation as he is not "in
harmony with the progressive
sentiment of California."

The signers of the telegram
include many of Senator
Works' strongest supporters
at the primaries at which he
was nominated, including Meyer
Lissner, E. T. Earl, Lee C.
Gates, Marshall Stimson, Chas.
W. Bell, Lieut. Gov. Wallace
and Mrs. Florence Collins Por-
ter.

The message to Senator Works
said:
"We feel that your statement is
reactionary, unnecessary, unwise
and based on lack of information.
Your conclusions are false. Because
of the fact that you owe your place
in the Progressive Republican party
of California, it becomes your duty
to either stand or criticize them
for their determination to carry the
fight along on the only lines open
to them under the law. Due to the
fact that you are supposed to represent
the Senate the cause for which we
successfully contended in California,
your criticism will have no other
effect than to unfairly injure the
very movement you are chosen to
promote. To employ the same line
of reasoning you used in your state-
ment, we feel that if you are out
of harmony with the progressive
sentiment of California, and can no
longer work in harmony with that
sentiment, then it is your duty to
resign and come home, to the end
that some one may be chosen to
act in harmony with the progressive
sentiment greatly preponderating
among the masses of Republican voters
of California."

Cost of Taft's Election, 1908 Was \$1,665,158

WASHINGTON, July 17.—
Postmaster General Hitchcock,
Republican national committee
chairman in 1908, testified be-
fore the Senate investigating
committee that \$1,665,158 was
contributed to Taft's campaign
fund then. \$620,000 was distrib-
uted through various states and
the remainder was used nation-
ally. He said the largest indi-
vidual contributors were Charles
Taft, \$50,000; William Nelson
Cromwell and Leta Anderson,
\$25,000 each; Andrew Carnegie,
\$20,000; William Smith Coch-
rane, \$15,000.

He delivered the complete rec-
ords showing disbursements. He
declared that General Dupont of
Delaware wanted to contribute
\$20,000 but his offer was declin-
ed. No corporations contributed
to the campaign fund.

MULE FOOT HOG PROMOTER IS BANKRUPT

That is the Allegation of Peti-
tion Filed by His Creditors
Yesterday

ALLEGED JUDGMENT
HERE WAS A FAKE

Petition States He Owes
\$100,000; Once Had Hog
Farm in This County

According to documents filed in Los
Angeles yesterday, James C. Yancey
is declared to be a bankrupt. Yancey
at one time was a mule-foot hog com-
pany promoter and had a farm in this
county.

Among the allegations of the docu-
ments is one that judgment was given
against Yancey for \$21,000. That judg-
ment was given in this county several
months ago. The suits were brought
by F. A. McCormick, unknown here,
on notes assigned to him by Mrs. Min-
nie Taylor of Santa Ana, and stock
in oil companies were attached in Los
Angeles, San Francisco and Kern
counties and sold under execution
from this county.

The Los Angeles Times this morn-
ing tells of the bankruptcy petition as
follows:
The trail of the mule-foot hog, a
strange beast which figured in semi-
circus literature scattered to the
Southland's four winds a year ago,
led into the United States District
Court yesterday, when a petition was
filed there asking that James C. Yan-
cey, picturesque promoter and oil op-
erator, be declared bankrupt with al-
leged debts amounting to more than
\$100,000.

In his lifetime Yancey has acquired
wide notoriety for a great number of
projects whose scope of operations
spanned two hemispheres, but none
were more remarkable than the
"mule-foot hog farm." Of this, accord-
ing to the circulars, hogs of that de-
scription were to be raised as the
progeny of several "accused at great
cost." Agents were placed in the field
and it is even declared that they suc-
ceeded in disposing of a large num-
ber of the supposititious offspring.
The mule-foot hogs were declared to
be immune from many of the most se-
rious drawbacks characteristic of or-
dinary swine and to be wealth-pro-
ducers of the first order.

Those who ask that Yancey, fami-
liar known as "Jim," be declared
bankrupt are Frank E. Bosworth of
New York, C. H. Meres of McKil-
trick, Fred W. Tegler of Bakersfield
and the Bakersfield and Kern
County Abstract companies. The large-
est single item alleged to be owed
to any of them is \$3000, which, Bos-
worth says, represents a note turned
over to Yancey.

Among serious charges preferred
by the complaint against Yancey is
one alleging that he has turned to
his own account land in Kern County
and some 100,000 shares of the Refin-
ing and Oil Producing Company stock.
It is further charged that Yancey en-
tered into a conspiracy with F. A.
McCormick, Edmund Burke and Min-
nie Taylor to conceal assets. This part
of the petition describes an alleged
fake judgment against Yancey in fa-
vor of McCormick for over \$21,000.
McCormick, the petition states, cannot
be located.

Yancey was involved in alleged con-
tempt-of-court proceedings in San
Francisco a short time ago. He gave
\$500 bond with a surety company for
his appearance, for which a personal
bond was yesterday substituted.

**RAKER FOUND IT EASY TO
GET NAMES ON PETITION**

SACRAMENTO, July 17.—Congress-
man Raker, who is seeking re-election
from the Second Congressional Dis-
trict, found it so easy to get signa-
tures to his nomination petitions that
one, the last to be filed with the Sec-
retary of State, had to be recalled be-
cause the number of signatures had
exceeded the maximum. The petition
from El Dorado County, containing
forty signatures, was recalled by
County Clerk T. C. Atwood of that
county, on telegraphic directions from
Raker at Washington.

Progressives Endorse Anderson and Weisel

The Progressive Republican League
of Orange County has unanimously
endorsed the state senatorial candi-
dacy of former State Senator John
N. Anderson, and also the candidacy
of Hans V. Weisel of Anaheim for
the assembly.

TAFT MEN WILL RUN CHAPMAN AND RUTAN

Placentia Fruit Grower For
Senate and Santa Ana At-
torney For Assembly

OPPOSING SIDES
ARE FACE TO FACE

The Democrats Are Talking of
Hart and Dr. Mills as Their
Candidates

C. C. Chapman of Placentia is a can-
didate for the Republican nomination
for state senator and A. W. Rutan of
Santa Ana for assemblyman.

These announcements are the po-
litical developments of today. Last
night the Progressive Republican
League gave its endorsement to the
candidacy of J. N. Anderson of Santa
Ana for the nomination for state sen-
ator and H. V. Weisel of Anaheim for
assemblyman. With the coming out
of Chapman and Rutan, both avowed
Taft men, the issue is drawn clearly.

If Anderson and Weisel are elected
they will vote at the state convention
for Roosevelt electors.
If Chapman and Rutan are elected
they will vote for Taft electors.
Chapman was asked to enter the
race by a meeting of Taft Republicans
held here last Saturday. At that time
he agreed to give his answer today.
The answer was given at 11 o'clock
this morning to a committee of Or-
ange County and Riverside County
men. At the same time it was stated
that Attorney Rutan would be a can-
didate for the nomination for assem-
blyman. Rutan will name verification
deputies this afternoon, and will pro-
ceed at once to get his nomination
papers completed.

The Democrats expect to get out a
candidate for supervisor in the First
District, comprising four wards of
Santa Ana. In the Third District there
are two Democrats seeking the nom-
ination, V. U. Simpson and J. H.
Brunsworth.

GUILTY MURDER FIRST DEGREE PENALTY IS LIFE IN PRISON

Jury That Tried George Biggs
For Murder Brought in a
Verdict Last Night

At 9 o'clock last night a verdict of
murder in the first degree with the
penalty fixed at life imprisonment was
brought in against George Biggs.
While Biggs killed both Francis A.
Montee and Mrs. Montee, he could be
tried for the murder of but one per-
son. His trial was for the murder of
Montee. The jury received the case
at 2:30 o'clock yesterday afternoon.
For a long time six of the jurors vot-
ed in favor of hanging Biggs.

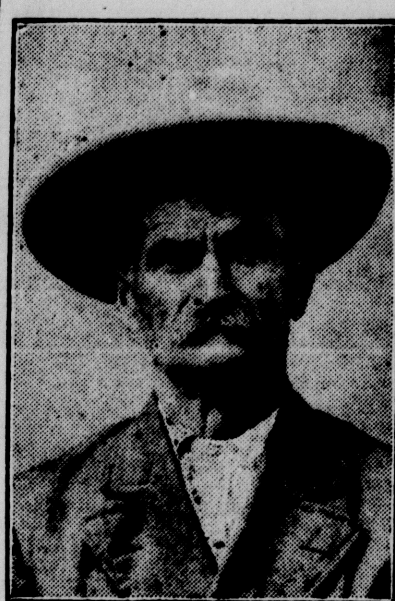

Biggs sat through the whole trial
without show of emotion. He received
the verdict stoically. On the way to
jail he told Under Sheriff Squares that
he would rather be hanged than go to
the penitentiary for the rest of his life.

Time for passing sentence was fixed
for 9:30 o'clock Friday morning. Judge
West has no choice but to make the
sentence life, but he has the choice of
sending the man to San Quentin or
to Folsom.

The crime for which Biggs was
tried was one of the most frightful
crimes known to the county's history.
Biggs and Montee were neighbors in
the sand wash district east of Ana-
heim. They had a quarrel over a road.
Montee plowed up part of the road on
his side and planted it to potatoes.
Biggs cut trenches crosswise on his
side of the road.

The difficulties reached a culmin-
ation on April 12. Montee was shot
as he was in his wagon. He jumped
out and grappled with Biggs, who
shook him off and beat his head into
the ground with a shovel. Mrs. Mon-
tee rushed to her fallen husband, and
was struck a death blow with a shovel.
At no time did Biggs deny the acts,
but he justified himself in his own
saying it was a case of kill or be kill-
ed. He said he thought Mrs. Montee
was running to Montee to give him a
weapon, and he intended only to
strike her a light blow. The wound
however, was a deep cut far into the
brain.

The case against Biggs was admir-

GEORGE BIGGS

ably handled by District Attorney
West and Deputy Koepsel, who in
their year and a half in office have
made a remarkable record for con-
victions brought to trial by them.
Biggs was defended by Attorneys
Dick Harding and Clyde Bishop. Bis-
hop's plea for the life of the poor old
man is regarded by those who heard
it as one of Bishop's best pleas.

Biggs is 62 years old. He is a
bachelor.
This morning he was brought into
court to appear on the charge of the
murder of Mrs. Montee. By agree-
ment, the matter was continued to
Friday morning, at which time Dis-
trict Attorney West will announce
whether or not Biggs will be tried
on that charge.

"I could not have expected any
different verdict," said Biggs this
morning.
"If you had your choice between
death and life imprisonment, which
would you take?" was asked of him.
"That is a matter for my attor-
neys."
"But what do you say?"
"I have learned one thing since
this happened, and that is not to
talk too much."

BOARD OF FREEHOLDERS TENTATIVELY IN FAVOR OF A COMMISSION FORM

The board of freeholders have prac-
tically declared in favor of a commis-
sion form of government, not neces-
sarily the commission form pure and
simple, but something along that or-
der.

This decision is not iron-bound, but
was reached as one of the bases of
operations to be pursued by the board
in its study of charters. At the meet-
ing of the board last night it was
brought out that even the present
city government has to a certain ex-
tent the sub-divisions of a commission
form. That is, the members of the
board of city trustees are divided into
committees, and each committee has
a general oversight of the mat-
ters pertaining to its department,
without executive power, however,
except as that power is given him by
the city board.

The ideas of the members of the
board of freeholders are not defini-
tely formed on many matters in con-
nection with the proposed charter. The
board is but well begun upon the
study period. As a basis upon which
to work it was decided that two char-
ters should be roughly drawn or se-
lected from the copies of charters of
other cities. These can be gone over
and discussed, and definite opinions
brought out. In general the commis-
sion form was favored.

The members whose duty it is to

report the rough drafts or selections
to the board are E. B. Cubbon, E. B.
Smith, G. S. Smith, C. S. Crookshank,
J. G. Quick and H. P. Rankin.

The discussion brought out a dif-
ference of opinion as to how many
commissioners ought to be had, should
the commission form be finally adopt-
ed. Some of the speakers thought it
just as well to continue as now with
five men to act as the governing body.
The five men to be paid nominal sal-
aries as now. Other speakers favored
three commissioners, each to be paid
a salary sufficient to allow him to give
all of his time to the work. It was
stated that one commissioner, an en-
gineer for instance, might be given
full charge of engineering and street
matters. Another commissioner might
be made head of the water and sewer
departments, and the third commis-
sioner put in charge of the city offices,
police and other departments. This is
a matter to be worked out in the de-
velopment of the charter to be sub-
mitted to the people.

The members of the board of free-
holders are taking a great interest in
their work, and are approaching the
formation of a charter in an excellent
spirit. They regard the present stage
of their work as an educational pe-
riod in which they propose to learn from
any and all available sources as much
as possible concerning the govern-
ment of cities.

FREMONT OLDER IS DARROW WITNESS

Says Harrington Told Him
There Was no Corruption in
McNamara Case

LOS ANGELES, July 17.—Fremont
Older, editor of the San Fran-
cisco Bulletin, was a witness in the
Darrow bribery case this morning.
He told of calling out John R. Har-
rington of Chicago, when Harrington
was jailed in San Francisco for re-
fusing to answer questions before
the Los Angeles county grand jury.
He said that Harrington told him
then that there was absolutely no
corruption in the McNamara trial.
He further said that Darrow had ex-
plicitly ordered that nothing be done
that could possibly be construed as
a violation of the spirit of the law.
G. G. Watt of Venice was returned
to the stand for further examination
but nothing new was developed.
Darrow requested the court to or-
der Harrington and Franklin to be
present tomorrow to be called as wit-
nesses for the defense. Both have
already appeared for the prosecution.

NEW YORK ANXIOUS OVER
EXPECTED REVELATIONS

Police Commissioner Waldo
Demands Probe to Clear Po-
lice; Woman in Green Enters

NEW YORK, July 17.—Charged
with having knowledge of the murder
of Herman Rosenthal, the
wealthy gambler, which has created
a great sensation throughout this
city on account of possible ramifi-
cations, Louis Webber was arraigned
in police court this morning and re-
manded for further hearing.

Webber was given the third de-
gree, and is reported to have divulged
some details in regard to the
Rosenthal murder plot.

The names of seven men are be-
lieved to be in the hands of the po-
lice as accomplices of the sensation-
al murder of yesterday.
According to District Attorney
Whitman, Rosenthal was about to
name gamblers who could corrob-
orate his assertions regarding police
collusion with men of his calling.

**POLICE COMMISSIONER
DEMANDS JUSTICE
FOR 10,000 POLICEMEN**

Police Commissioner Waldo wrote
today to District Attorney Whitman
disputing his charges that the police
system is responsible for the Rosen-
thal murder. The letter said:

"Immediate investigation is neces-
sary both in the interest of good gov-
ernment and so that the reputations
of ten thousand policemen who are
honestly doing their duty will not be
besmirched by individuals who may
be rascals. Less than one hundred
and fifty men are connected with the
enforcement of the gambling laws,
leaving ten thousand free from any
suspicion. It is unfortunate that a de-
sire for publicity should lead anyone
to attack the entire body for the al-
leged wrong doing of a few. In inves-
tigations of the actions of the police
in connection with the gambling sit-
uation, investigation also should be
made of courts and district attorneys
who could stop gambling if they de-
sired by upholding the police and by
sending convicted gamblers to jail."

**MYSTERIOUS WOMAN IN
GREEN ENTERS THE CASE**

A new feature was introduced when
a mysterious woman dressed in green
informed District Attorney Whitman
that she had seen a touring car simi-
lar to the one used by the slayers,
standing before Police Lieutenant
Becker's home for several hours the
night before Rosenthal was killed.
The woman went to the coroner's of-
fice to identify the car.

WOULD OUST PICTURE SHOW

Petition Asks Judge West to

role—Water Festival

NEWPORT BEACH, July 17.—B. K. Stone of Pasadena, owner of the Parker block, today started proceedings to compel C. H. Hakes to move his moving-picture show off his property in this city. The room was rented to Hakes by a local real estate man without the knowledge or consent of Mr. Stone and on account of the fire risk he will try to have the picture show removed from his building.

Mrs. Gordon Shoemaker yesterday swore to a complaint, charging John Meurs, a local butcher, with selling her spoiled meat. The warrant was first made out in the City Recorder's court, but the case will be turned over to the district attorney for trial.

BOYS FIFTY ACRE RANCH

Charles Segerstrom Will Make
Many Changes in Home
Recently Purchased

OLD NEWPORT, July 17.—Charles Segerstrom has recently purchased the Lee Brooks place, and took possession of the land immediately, going to work on the hay and transferring the cattle to the pasture. The house will be thoroughly gone over and put into repair. Many modern conveniences will be installed and papering and painting will be extensively indulged in. Porches will be built and altogether a very convenient and up to date home will result. The family will move over later on when all is in readiness. Mr. and Mrs. Brooks will remain in the house for the present until Mr. Brooks can look around for another ranch. He would prefer one farther north and away from the coast. He has several localities in view but is waiting to be thoroughly satisfied before investing. This ranch comprised about fifty acres and sold for \$400 an acre.

Revival Services

Rev. Stem, who is one of Santa Ana's able preachers, is delivering some very excellent sermons to a pretty fair congregation. More people should take deep interest in these meetings as they mean a benefit to the community at large, an uplift to each individual, and a stronger church to carry on the good work. Every one, far and wide, regardless of denomination, is heartily invited to attend the services. Come and bring some one with you.

Well Planned Surprise

Mr. Del. Hutton and several friends planned a surprise for Mrs. Hutton upon her return home from Newport Beach Monday evening, where she and the youngest daughter have been spending the past four weeks. Mr. Hutton put off going for Mrs. Hutton until late Monday afternoon, much to Mrs. Hutton's wonderment. Upon reaching the house Mrs. Hutton was very much interested in various improvements which had been accomplished during her

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand
On Her Feet More Than a Few
Minutes at a Time.

Pondergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles.

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint.

I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women.

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

absence and did not heed the urging to go to the front part of the house. All was in darkness and not a sound to be heard. Just supposing that the younger children were in bed and that the older ones were in hiding as was their playful custom, she thought nothing about the circumstances particularly. Upon further urging she entered the sitting room and instantly the lights flooded the house and there before her was a crowd of some thirty young people filling the sitting room and parlor. The surprise was a complete one and when she had sufficiently recovered greetings were exchanged and a happy and animated hum of conversation replaced the former quietness. Games were played until the music started up when the young people, not to lose so good an opportunity, indulged in dancing for the remainder of the evening. Refreshments of cakes and fruit were served about midnight, and the crowd dispersed shortly afterwards.

About the hottest day for many a week was pronounced for Monday of this week. The sun was up very early with no fog to delay its warmth. The breeze was late in starting and then only a light one, and about ten or eleven o'clock the heat was intense. The hay was so brittle that it would break into tiny pieces. Paper rattled as if it had been stiffly starched. The chickens walked about with wings extended, the dogs sought cool shady places to lie, panting. But still the work progressed just the same.

Home from Vacations

Tuesday afternoon of last week Mrs. Lawrence Wakeham and Mrs. Jeff Harlin returned from a week's outing at Newport Beach.

Quite a few here have been suffering from boils, one having had nine at different times. Some claim that each boil is worth about five dollars to any one's system, and if that is really the case, some are worth quite a bit by now.

If there were only some way to preserve fruit without so much work in the hot kitchen during these warm days, the housekeepers would be more than grateful. Or if there were some way to keep it until cool weather, or to induce the trees to bear the products in cooler weather, there would be great rejoicing. The men are not far behind the women in that respect, in regard to their work in the fields and in stuffy offices. We might apply the doctrine of mind's supremacy over matter and think crisp, icy thoughts of cool, shaded woods, of snow banks, of ice fields, and imagine the warm blasts are from the very North Pole regions themselves, and that the warm, insipid water one must quaff is from the northeast corner of grandfather's deep old well where the water is always cold and clear as crystal.

Some of our school girls have resumed the music lessons which they dropped during school terms, and are putting in some arduous hours of practice to make up for the seemingly lost time. There is no accomplishment so appreciated and acceptable at any, and all times as ability to render good music.

Personals

A. G. Adams made a hurried business trip to Los Angeles Monday afternoon.

Miss Bessie Doherty, who has been staying at the beach with Mrs. Hutton, has gone for a few weeks' visit to the Perry Neely family in Angeles.

Miss Mabel McClintock of Los Angeles, spent Sunday with her parents, Mr. and Mrs. C. M. McClintock.

Mr. and Mrs. Anderson and family, of Beverly Heights, motored down to spend the day Wednesday at the home of Mr. Anderson's cousin, A. T. Armstrong. Mr. Anderson is manager of Beverly Hills, a very beautiful place.

Quite a few from here attended O. H. Ellis's funeral last week.

The Woman's Home Mission Society met at the church Wednesday afternoon for a business meeting and Bible study. A very interesting service was attended by only a few, as various duties interfered and kept others away.

Mrs. Minnie Armstrong Baxter of Fullerton, and her friend, Mrs. Shattuck of Los Angeles, drove over to the home of Mrs. Baxter's parents, Mr. and Mrs. A. T. Armstrong, Saturday, to stay over Sunday.

Misses Emma and Angie Hutton spent Monday afternoon with their little friend, Miss Margaret Adams.

Misses Ethel and May Walton and the Messrs. Hobson of Santa Ana, drove to Balboa Sunday afternoon.

DESERT MAY HAVE CLAIMED VICTIMS

Two Parties, One Searching
For the First One, Reported
as Missing

LOS ANGELES, July 17.—An automobile party consisting of Austin Denehie, John McCullough, William Schnoka, Miss Alice Berwick, Schnoka's stepdaughter, and Miss Anna Hill, a teacher, leaving Los Angeles last Thursday to inspect some land in Barego Valley near Warner's Springs, is missing. Fear is felt for their safety as furious sandstorms have been raging in that section for a week past, a relief party, consisting of C. B. Burroughs, who owns the missing automobile; Darrell Porter, McCullough's grandson, and Stephen White, a skilful driver, left Warner's Springs yesterday in a 60-horsepower automobile to search for the missing party. No word has been received from the searchers.

Of the members of the missing party, McCullough is 70 years old, but sturdy and in good health. Denehie is a resolute young man of 20 and an expert chauffeur. Schnoka is a man of wide experience with the desert.

GOOD LEGISLATIVE CANDIDATES

The Progressive Republican legislative ticket, so far as this county is concerned was made up finally last night by the endorsement by the Progressive Republican League of Orange county of the candidacies of J. N. Anderson for state senator and Hans V. Weisel for assemblyman.

These gentlemen are candidates not only for the offices of state senator and assemblyman, respectively, but for the more important offices of delegates to the Republican state convention which shall write the platform and nominate presidential electors. If they receive the Republican nomination at the September primaries they will go to the state convention and vote for Roosevelt presidential electors. Therefore, regardless of every other consideration, such as personal preference, the locality of their homes, and the minor political aspects of the case, they are entitled to the hearty support of every Progressive Republican in the districts for which they stand.

But better and bigger than this, they are worthy as men and citizens, and by reason of their splendid qualifications, of the support of all Republicans who appreciate honest, earnest, industrious, conscientious and capable representation in the legislature.

There have been a number of tentative candidacies for both these offices; and owing to the popular and democratic nature of the Progressive organization in this county, in which all have a voice and an independent vote, there has been considerable difference of opinion; but now that unanimous decision has been reached at a thoroughly representative meeting of the League, everybody will join heartily in the support of Mr. Anderson and Mr. Weisel.

GROWTH OF THE ALFALFA AREA

Alfalfa, or lucern as it was originally named, was first grown in Southern California in Spanish colonial days, having been transplanted from the Mediterranean district, and for many years it was unknown elsewhere on this continent. From California its cultivation spread very slowly into Utah and southern Idaho, the Mormons being among the earliest to recognize its adaptability to the semi-arid stretches of mountain plateau and valley. The belief lingered, however, that it could not be successfully grown outside of irrigated districts. Gradually it was discovered that the taproot of the alfalfa would find moisture, if any existed within reasonable distance of the surface, and that it would thrive in the so-called semi-arid belt even without irrigation. It has been known, by actual measurement, to send its taproots down to a depth of more than sixty feet. About ten years ago it was put to its greatest test. There had been a long period of drought throughout Kansas and Nebraska; the farmers had lost their crops; they were threatened, because of lack of feed and fodder, with the loss of their livestock. Then for the first time alfalfa was planted on anything like an extensive scale in those states; since then it has become one of the chief reliances of the stock farmer throughout the tillable area of the transmissouri.

The Portland Oregonian, commenting upon the spread of alfalfa cultivation, tells of receiving numerous communications recounting successes of a similar nature in the uplands or dry land districts of the Pacific Northwest. In these instances alfalfa has invariably been grown without artificial watering. Wherever intelligent trial, with nearly a normal precipitation, in Oregon and Washington, it has proved to be a very profitable crop. In the South its cultivation has spread very rapidly. In that entire section there are now 340,000 acres seeded, 183,000 acres being east of the Mississippi. At present the total alfalfa area of the whole country is put at 4,707,146 acres, whereas there are only 2,443,263 acres in clover. The alfalfa area is being extended annually, as it is being found capable of adapting itself to pretty nearly all conditions prevailing in the principal agricultural regions of the nation.—Christian Science Monitor.

HANFORD WAS GOOD TO HIS RECEIVERS

His Alleged Favorite Receiver Now on Stand; Has Drawn \$40,000 Fee in One Case

SEATTLE, July 17.—With Sutcliffe Baxter, Judge Hanford's favorite receiver on the stand, the congressional committee re-opened the probe into Hanford's alleged allowing of excessive fees in receiverships and bankruptcy cases.

Baxter is now receiver for the Western Steel Corporation from which he has already drawn a forty-thousand-dollar fee.

DOCKERS' STRIKE SHOWS SIGNS OF COLLAPSE

LIVERPOOL, July 17.—The dockers' strike, which began here when the workmen refused to register under the new clearing-house scheme, connected with the national insurance act, already shows signs of collapse.

The men employed by the White Star Line started work again in considerable numbers yesterday morning under the protection of the police.

ELKS REVISIT LOS ANGELES ON WAY FROM PORTLAND

Los Angeles Times: Many of the Eastern Elks are passing through the city on their way home from the convention, which was held in Portland last week.

"We could not forego the pleasure of seeing Los Angeles again after the magnificent entertainment afforded us three years ago," said R. L. Culmer of Cincinnati, at the Alexandria, yesterday. "It is with the idea of getting a glimpse of the city in her work-a-day clothes and not in a festive period that we came here and we are really astounded at the changes in three years. Much of the downtown section is new to us."

There were no large parties from any particular place registered at any of the hotels. They came in groups of two or three or single men with their families. At the local Elks' Club no prepared entertainment will be offered, but the members are bringing all of the visiting delegates to the headquarters for the purpose of renewing old friendships. Several larger parties of the antlered herd are expected to day.

LOS ANGELES NORMAL MAY OPEN AUXILIARY SCHOOLS

LOS ANGELES, July 17.—Owing to the excess of students at the Normal school a project will be set before the board of education by the superintendents of city schools to open Fremont avenue, Cambria street and Grand avenue schools as normal training schools for the coming school year. More than 150 more students than can be accommodated at the old normal school have applied for entry and until the new school is built the only solution is to accommodate them elsewhere.

FORT WHERE FAMOUS SONG WAS BORN TO BE MILITARY POST

BALTIMORE, July 17.—On next Saturday the last bugle call will be sounded at Fort McHenry, the fort where "The Star Spangled Banner" was written. The government has ordered the One Hundred and Thirty-first Company, Coast Artillery, the only one there, to Fort Strong in Boston harbor. The old fort will then become a military post without inhabitants except a caretaker.

LONG BEACH BATHERS MUST COVER SUITS EN ROUTE

LONG BEACH, July 17.—At a meeting of the city council held recently the city fathers took it upon themselves to prescribe a cloak of modesty for the scant creations of apparel worn by bathers at Long Beach, and according to an ordinance which became effective yesterday, a covering of some kind must be worn over bathing suits north of the south or ocean line of Ocean avenue.

One Way to Get Silence
Kansas City Star: A woman well known for her talkativeness called upon her family doctor a few days ago and was instructed to show her tongue. After waiting a few minutes she exclaimed: "Well, doctor, why in the world don't you look at my tongue if you want to, instead of writing away like a newspaper editor? How long do you expect I am going to sit here with my mouth wide open?"

"Just one moment more, please," said the doctor. "I only wanted you to keep still long enough for me to write this prescription."

PASADENA STAR, PROGRESSIVE REPUBLICAN, TELLS WHY IT WILL SUPPORT ROOSEVELT

FROM THE PASADENA STAR.

The time is at hand for the formulation of intelligent political judgments upon the parties, movements and principles involved in the national campaign. The Star strongly believes in the principles, tenets and methods of progressive Republicanism. It does not believe that the Chicago convention was dominated as the masses of the Republican party would have had it controlled. It cannot accept the action of the Chicago convention as representing the Republicanism that is enshrined in the conscientious faith of the millions who constitute the numerical bulk of believers in Republican principles. These are progressive, through and through. With them, and with what they represent, the Star stands.

The crystallization of sentiment among multitudes of progressives holding Republican principles, in favor of a distinct political movement, with Colonel Roosevelt at its head, is one that progressives may approve and in which they consistently, as believers in progressive Republicanism, may participate. At least, the Star so holds as to its own course. In supporting this progressive movement, the Star feels that it retains every essential wholesome principle of Republicanism and that, whatever name the new political organization may take, the vital principles of Republicanism will live within it, thoroughly imbued with the progressive spirit.

Happily, here in California the Republican party organization is thoroughly progressive and need not change its principles one iota to support Colonel Roosevelt and be in thorough accord and practical alignment with the great national progressive movement that is to take definite shape early next month. Those who support the new movement in this state, in reality support the regular Republican party organization in California.

As remarked heretofore in these columns, there is no wide, irreconcilable chasm dividing the progressives who have espoused the Roosevelt movement and the progressives who are adherents of Mr. Bryan and the progressivism he embodied in the Baltimore platform and which is consistently represented by Woodrow Wilson. But as between the two progressive instrumentalities the Star prefers the one that is having its birth out of progressive Republicanism, and in the coming campaign it will heartily support Colonel Roosevelt, should he become a candidate.

OIL PIPE LINE, 165 MILES LONG, ABOUT TO BE CONSTRUCTED

LOS ANGELES HARBOR (San Pedro), July 17.—Agents of the Associated Oil company spent most of yesterday here and at Wilmington making the preliminary arrangements for starting work on the mammoth pipe line, 165 miles long, which is to bring the oil from the Midway district to the outer harbor, the rights of way for which have already been secured.

A camp will be started tomorrow morning at the intersection of Ocean avenue and Harbor boulevard, which is about four miles north of Wilmington. Here the first unit of the great plant will be built, which will consist of an adequate pumping plant and six 50,000-barrel tanks. The oil will be pumped to the tanks here and thence to the shipping in the outer harbor and the tank vessels which will supply various industries up and down the coast.

Moving Successward.
Joseph W. Gates was talking at the New York Theater about the superfluity of show girls in Manhattan. "Every opening," he said, "has a dozen girls clamoring to fill it. I got thirty or forty girls positions in department stores last week. The superfluity of show girls is due to the fact that so many artists' models have turned to theatricals this winter."

"The models say there is no work for them. Art is in a bad way. The rich collectors buy nothing but old masters from abroad."

Mr. Gates smiled. "But it would be nearer the truth," he went on, "to say that lots of artists are failures. Even the successes, you know, are only half a quarter successes—like the young surgeon."

"How is your surgeon son doing?" one old man said to another.

"Oh, fine," was the reply. "Fine! He performed his eleventh appendicitis operation last week and the patient lived three hours!"—Cincinnati Tribune.

HOUSE READY FOR NEW MOVE

Passes Sulzer Bill For Creation of Department of Labor—Sulzer Had Ovation

WASHINGTON, July 17.—Congressman Sulzer's bill creating a new department of labor unanimously passed the House today. Sulzer received an ovation at its passage. It creates a new cabinet position, that of secretary of labor. Samuel Gompers and other leaders fought vigorously for the bill. It provides for the transfer of the Bureau of Labor to the new executive department, and authorizes sweeping authority to be used at the discretion of the Secretary of Labor in offering federal intervention in labor disputes.

ENGLAND EGGED ON BY RAILROADS

Knowland Says Protest Against Free Panama Tolls to U. S. Ships Caused by R. R.'s.

WASHINGTON, July 17.—Congressman Knowland of California, today told President Taft that the American railroads, acting with the Canadian Transcontinental lines, instigated England's protest against free tolls for American ships through the Panama canal. Following a conference with the president, Knowland said: "It is a railroad fight. Free tolls for American vessels means lower freight rates. We built and financed the canal. Congress will not concede England's right to dictate tolls."

He further declared that England had not considered a protest until the railroads sent a delegation there. He expressed doubt that America would consent to permit the Hague tribunal to decide the controversy. The British formal protest is expected to arrive tomorrow. President Taft will probably call a special cabinet meeting to consider the protest.

For Returned Friends

Miss Doris Robbins entertained very prettily at her home on F street last evening with an informal dance in honor of Misses Mary Collins and Frances Shrewberry, who lately returned from Detroit, Mich., where they attended the Thomas Normal Training Art School. SPLENDID RECITAL

Mr. Garratt and Miss Fagge Gave Real Musical Feast to Appreciative Hearers

The Garratt pipe organ recital given at the United Presbyterian church on Monday evening, but briefly mentioned yesterday, was a musical event of great merit. The program, which is given below, was one of classical numbers, every selection of which is a musical treasure. Notwithstanding the serious deficiency of mechanical power resulting from low electrical current, Mr. Garratt brought out exquisite effects from the splendid organ.

At the close of the first group of numbers concluding with the "Fanfare d'Orgue," the brilliant composition of Harry Rowe Shelley in which the call of the bugle could be easily noted, Mr. Garratt was enthusiastically pressed for an encore, which he was reluctant to give on account of the many numbers to follow. However he responded to similarly cordial applause at the end of the second group by playing most beautifully the famous sextette from Lucia, that glorious composition so often tortured out of all semblance to itself.

The second group which seemed to peculiarly attract the organist's hearers, contained Shelley's arrangement of Schubert's "Am Meer" (By the Sea), a tender melody that contrasted effectively with the liveliness of Volstead's "The Answer;" "The Thrush," one of Nevins' "O'er Hill and Dale" suite, and one of Arthur Bird's Oriental sketches.

But the crowning numbers of the program were listed in the last suite, which embraced "Wotan's Farewell" and "Magic Fire Music" from Richard Wagner's "Die Walkure;" and a tone poem, "Finlandia," written by the Russian composer, Jean Sibelius and arranged for the organ by H. A. Frier. The Wagner music is of course more or less familiar to all music lovers and students, but the Sibelius composition would doubtless have been new to the majority of the audience. Bearing as it does on Russia's oppression of Finland, it would have been particularly interesting just now, from the fact that brave little Finland's indomitable spirit is still alive and pulsing, has been shown in her splendid achievements in the Olympiad at Stockholm.

Besides these two "big" numbers, Mr. Garratt was to offer in the last group one of his own compositions, the "Even Song," the writing of which was suggested, to quote Mr. Garratt's own language, "by the beautiful evenings I have noticed since my coming to Southern California." So heartily did Mr. Garratt feel the disappointment of having to give up the playing of the Wagner and Sibelius numbers, that he has promised himself to give a short recital in the near future which shall include these and other masterpieces.

Of Miss Lalla Fagge's violin playing Monday evening, there can be but words of sincerest praise. Bright, vivacious and intense in appearance, Miss Fagge is an animated picture as she bows the instrument whose power she so exquisitely develops. Her playing of the prize song from Wagner's "Die Meistersinger," was greeted with such genuine and hearty applause that she could not avoid giving an encore selection.

The same conditions were true after her rendering of the "Angelus d'aur" (Stebbins) and the "Simonette," "Madrigal," both of which were played brilliantly and with most intelligent interpretative power. Miss Fagge sends the fire of sympathy and genius through her bow, translating the masters' themselves those who listen with the "understanding ear."

The program included the following numbers: Organ—(a) "Prelude" in E Minor (Debussy); (b) "In the Morning" (Grieg); (c) Fanfare d'Orgue (Shelley). Violin—"Prize Song" from "Die Meistersinger" (Wagner) Miss Lalla Fagge.

Organ—(a) "Am Meer" (Schubert); (b) "The Answer" (Volstead); (c) "The Thrush" (Nevins); (d) Oriental Sketch No. 3 in C Minor (Bird). Violin—(a) "Angelus d'aur" (Stebbins); (b) "Madrigal" (Simonetti) Miss Lalla Fagge. Organ—(a) "Wotan's Farewell" and "Magic Fire Music" from Die Walkure (Wagner); (b) Even Song (Garratt); (c) Tone Poem, "Finlandia" (Sibelius).

ROMERO NAMED TO SUCCEED SEN. FORAKER'S BROTHER

WASHINGTON, July 17.—President Taft sent to the Senate yesterday the nomination of Secundino Romero to be United States marshal for New Mexico, to succeed Creighton Foraker, brother of former Senator Joseph B. Foraker, of Ohio.

Published reports have declared Foraker resigned for political reasons. The White House made no explanation.

COL. BRENGLE WILL ALSO SPEAK AT AFTERNOON MEETING

An additional meeting to the union meeting announced for to-morrow night at the First Presbyterian church where Col. Brengle of the Salvation Army will give an address, has been arranged for tomorrow afternoon at 3:30 o'clock at the Salvation Army Home. This has been done owing to the great number of people wishing to hear the Colonel.

There will also be Lieutenant Col. Sharp, Staff Captain, and Mrs. Clifford, and other officers assisting with the meetings.

With reference to Col. Brengle, a real treat is promised, and once anyone has heard him his message will never be forgotten, nor the power with which he delivers it. The Colonel has been in the army for 28 years. Previous to that he was a Methodist minister. A number of times he has crossed the Atlantic and has preached in most cities throughout the world. He has been the means of winning a vast number for God. In the present campaign, at one place over two hundred conversions were registered. Next year he commences a campaign through Asia.

Col. Brengle has also written a number of books, several of which are accepted as standard works in many of the theological colleges.

KING ALFONSO OF SPAIN WAS HERO

Sprang From Carriage and Saved Officer From Bolting Horse's Hoofs

PAMPLONA, Spain, July 17.—King Alfonso yesterday prevented what might have been a fatal accident. As he was leaving the cathedral after a ceremony a general's horse bolted, throwing the rider and dragging him along the ground. While spectators hesitated, the King sprang from his carriage, caught the horse and extricated the fallen general. He was roundly cheered.

AVIATOR IN LAW SUIT

A. Ridgeway Asks Collection of An Accident Insurance for Accident in Air

NEW YORK, July 17.—Probably the first lawsuit ever instituted by an aviator to recover accident insurance for injuries received while flying is now before the state supreme court here, brought by Albert Ridgeway, who is a financial writer when he is not flying.

He took an accident policy for \$150 a week. He fell in July, 1911, while he was learning to fly. He filed his claim properly, but the company repudiated it, alleging that the contract provided that he had not in contemplation any hazardous journey.

WOULD NOT DEIFY JEFFERSON

Senator Heyburn Opposes Purchase of Monticello and Denies Jeffersonian Tradition

WASHINGTON, July 17.—"Thomas Jefferson was not the author of the Declaration of Independence," declared Senator Heyburn as he blocked consideration yesterday of a joint resolution proposing the purchase of "Monticello" by the government.

Mr. Heyburn spoke of Jefferson as the idol of the Democratic party. "He is about as well bronzed and moss-covered as any other statesman," he said, "and I do not think he would be deified."

Jefferson Levy of New York, owner of Monticello, says he would not sell it even if Congress passed the resolution.

SENATE VOTES TO BUILD "THE TERROR"

Passes Tillman Resolution for the Greatest Warship to be the World's "Peacemaker"

WASHINGTON, July 17.—The senate passed yesterday, without discussion, the "terror battleship" resolution by Senator Tillman, proposing that the United States build the greatest warship possible under modern naval conditions, to put an end to the "race for naval supremacy." Mr. Tillman's resolution proposes to name the new ship the "Terror," and make her the "peacemaker of the world."

The department had no previous knowledge that any American citizen was in imminent danger in Mexico.

PUMPING PLANT BURNED

NEAR WHITTIER—LOSS \$3000

WHITTIER, July 17.—The buildings housing the Santa Gertrudes Water Company's pumping plant, just south of this city, were completely destroyed by fire yesterday, at a loss of \$3000. They were uninsured. It is believed the fire originated in the roof of the building and was caused by defective wiring.

The greatest loss, however, will be to the ranchers in the vicinity, as the exceptionally hot and dry weather prevailing during the past three days has necessitated more than the usual amount of irrigation.

DEMOCRATS SELECT NEW SET OFFICERS

Matter of Ratification Meeting is Left With the Club Executive Committee

The Woodrow Wilson Club met last night at its rooms in the Hervey-Finley block and elected a new set of officers under the reorganization which followed the nomination. H. C. Head was elected president, G. A. Edgar, first vice-president; B. E. Tarver, secretary and R. J. Thompson, treasurer. Two other vice-presidents are to be chosen later.

The matter of holding a meeting for the ratification of the nominations of Wilson and Marshall was left to the executive committee, consisting of the officers of the club. If the committee deems such an affair advisable it will make the arrangements for it.

The matter of organizing the Democratic ladies of the city was taken up, and a committee was appointed to confer with some of the ladies and either arrange for enrolling them into the present club or the organization of a separate one, as the ladies may prefer.

It was decided to hold regular meetings of the club on the first and third Tuesdays of the month until the first of October, after which the meetings will be weekly.

REPORT BEET CROP AS DISAPPOINTMENT

ANAHEIM, July 17.—The beet crop in the territory of Norwalk and Downey is not coming up to expectations of the growers this season.

The third annual all-day open-air meeting of the Anaheim W.C.T.U. was held yesterday at the country home of Mr. and Mrs. L. C. Yeoman of West Anaheim. An interesting program was rendered and many out-of-town guests were entertained who during the afternoon gave wide-awake and helpful addresses to the temperance workers in a "wet" city. Mrs. Hester Griffith, state vice-president, spoke on "Proposed Laws Under Consideration" and the devotionals were conducted by Mrs. Elizabeth Mills of Santa Ana.

TWO ACQUEDUCT PROBERS REPORT

Johnson and Cobb Have Nothing But Words of Praise For Conduct of Project

Los Angeles Tribune: Edward Johnson and Edward S. Cobb, members of the original aqueduct investigating board, which was enlarged by the addition of two members at the recent special election, yesterday transmitted to the city council a report of their findings and conclusions as members of the old board, and at the same time presented their resignations as members of the present board. Among other findings in their report were the following:

"During the life of your aqueduct investigating board there was not a statement substantiated nor evidence unearthed to indicate that any criticism of the integrity, business ability or loyalty of effort for the best interests of the city could be maintained to the slightest degree against any of the officials of the aqueduct." "No better source of water supply; no more reliable sources of supply; no better location of conduits or better method of its (the aqueduct's) construction have been presented."

"There has not been brought to our attention one particle of evidence that would reflect in any manner whatever upon the integrity of the management of the aqueduct proposition from its inception to the present time."

"As a result of our investigation we find that the aqueduct can deliver at all times from the San Fernando valley reservoir at least twenty thousand inches of water."

ANAHEIM W.C.T.U. HAD OPEN AIR MEETING

State Officers and County W.C.T.U. Women Present at Enjoyable-Event

A very delightful open air meeting was held yesterday at the home of the president, Mrs. Yeoman of Anaheim W.C.T.U. Dame Nature had decorated the grounds beautifully. A bank of lovely hydrangeas extending the full length of the house, and roses festooned gracefully from the porch overhead, made a most charming background and needed only a few flags and a large poster to make the work complete. Complete, did I say? Not without the mention of Frances Willard's picture, whose face is always an inspiration to W.C.T.U. ladies.

Chairs were placed under the wide-spreading palms, and the Anaheim White Ribboners and their guests to the number of seventy-five were seated to hear the splendid program that had been arranged. The union was fortunate in having with them so many state workers: Mrs. Lucy Blanchard, the new state president; Mrs. Hester Griffith, vice-president; Mrs. Schulte, recording secretary; and Mrs. Sallie Ferris, state superintendent of the department of Anti-Narcotics. Those from other unions of the county were: Mrs. E. B. Norman, Mrs. I. D. Mills, Miss Cox, Santa Ana; Mrs. A. L. Shatto, Mrs. W. C. Crawford, Mrs. Ella Brown, Mrs. C. A. Miller, Tustin. Mrs. Yeoman introduced Mrs. Cross, who led the devotionals in a very helpful manner. Mr. Yeoman, an honorary member, gave the address of welcome.

Mrs. Hester Griffith, in a splendid address, said in part:

"If we had more open air meetings there would be less nervous breakdowns. The worst mortgage on this county is the liquor traffic. And who must lift it? The Christian people."

After greetings from the visiting unions the noontide prayer was offered. The ladies were then invited to pass to the back lawn, where under the wide-spreading pepper trees an elegant lunch was served cafeteria style.

The afternoon devotionals were led by Mrs. Mills of Santa Ana. Mrs. Norman, county president, was introduced, and advocated open air schools.

Mrs. Yeoman, in a unique way, introduced the state president, Mrs. Lucy Blanchard, who said in part:

"No question is ever settled until it is settled right. Principle is what we stand for. All other states are looking to California for the solution of grave problems."

Two splendid readings were given by Miss Zigler, and a vocal solo by Mrs. A. G. Phillips, "A Perfect Day," was much enjoyed.

Mrs. Sallie Ferris, state superintendent of Anti-Narcotics, gave an address that was especially interesting to the boys who were seated on the lawn. She produced an old cow bell tied with a bow of white ribbon that had been sent to her from the old home in Iowa, and which had been worn by a cow that would not allow a smoker to milk her. Mrs. Ferris said: "A cigarette heart cannot be cured. Public sentiment is against the cigarette. No one has ever been known to graduate at the head of his class who uses cigarettes. We ought to petition the boards of education not to hire teachers that smoke."

A large poster gave the name of many important places where a cigarette smoker need not expect a job.

A piano and mandolin duet was then enjoyed, after which a vote of thanks was tendered to the Anaheim union for its hospitality. The pleasant open air meeting then closed.

—There will be a stage Tuesdays, Thursdays and Saturdays to meet the morning train at San Juan and take passengers to San Juan Hot Springs.

FINE SHOWING OF THE WELLS

Fullerton and Adjacent Oil
Field Are Holding the Attention of Oil Men

FULLERTON, July 17.—The Fullerton and adjacent fields are attracting more attention every day, chiefly on account of the excellent showing of the wells of the older companies. The Orange Oil Company and its No. 3 appear at this time to be certain of claiming a large amount of public notice at almost any hour. No. 3 has been in the limelight for several weeks, and during that time has threatened to get away and go on a gushing stunt. Good management, however, has held the well in control thus far.

The first of last week this well broke through the bottom and it is again a problem as to how long it can be held back. It is hoped that several days yet can be put in at work before the necessity comes for turning the wells loose. The crew is now working with the liner. The well is at a depth of 3700 feet with 12½-inch casing and gives every promise of duplicating the Menges of the Birch people.

At the Orange No. 4 they are down 2200 feet with 12½-inch casing. The hole is in oil sand and looking fine, according to field reports.

Superintendent William F. Arrand of the Brea Canyon Oil Company, after piercing the extreme hard formation which he had to contend with in No. 7 well finds the world a whole lot brighter. This conglomerate is considered by drillers to be the hardest and most stubborn yet encountered in the field to the south.

IN THE JUSTICE COURT

BOOZE SELLER IS HELD FOR TRIAL

Refugio Gallon, a big Tustin Mexican, had a hearing before Justice Cox this morning on a charge of selling liquor in no-license territory. Deputy Sheriff Squires and other officers were the principal witnesses against Gallon, and a sale of liquor was established. Gallon was ordered held to answer for trial in the superior court. This afternoon a preliminary examination is being held in the case in which Mrs. Gaion is accused of liquor selling.

AT THE COURTHOUSE

PRISONS NOT REFORMATORY

Young Man Going to Penitentiary Second Time Example of System's Curse

Unless He Gets Kind Treatment He Has no Hopes of Being Able to Reform

Sent to the Missouri penitentiary for horse-stealing, Roscoe Tyler was made a criminal and he has little hope that he can reform. He went to prison an innocent farmer boy. He was given a hardened long-term for a cell mate, and he came out of the place with his head full of schemes for getting money easy. When he went to prison he had never had a cigarette in his mouth. He came out a cigarette fiend, and today smokes from seventy to eighty cigarettes a day.

Tyler was to be tried today on a charge of passing a \$23.50 forged check on March 16. The check was given J. F. Richards of an East Fourth street store, and the name George W. Brown was forged. Tyler got the money, and the girl he had duped into coming to California with him went to Ocean Park, where Tyler was afterward arrested by Sheriff Ruddock and Deputy Squires.

The sheriff's office investigated and found that Tyler served eighteen months in the Missouri penitentiary, and that a few months ago his father paid \$300 for bad checks given by Tyler.

This morning Tyler was in court with his attorney, W. W. Simons. Tyler asked that the record show his true name to be Roscoe Tyler instead of Melvin. He said he had a cousin named Melvin Tyler, whose name he had used and he did not want to tangle his cousin's name further. On Tyler's plea of guilty Judge West sentenced Tyler, aged 28, to San Quentin for a term of five years.

Tyler was closely questioned by the judge.

"I don't think any period in prison would do me any good," said Tyler.

"Why not? What would do you good?" asked the judge.

"Kind treatment after going to prison is all that can help me. I would try to reform, but unless I got the right kind of treatment I probably would be unable to reform. Prison life does not reform a man. It has just the opposite effect. It degrades him. I went to prison an innocent farmer boy, and sat around and heard the other fellows tell of different ways of making money easy."

"Are you lazy?" asked the judge.

"Not much. Last summer after I got out of prison I followed the plow for 147 days, Sundays excepted, and I never got a cent for it. The money is still due me."

Judge West found himself much interested in the study of the young

man's case, and said afterward it was different from any he had ever had to deal with.

"He is speaking the truth," said the judge. "Our prison system does not reform."

When Tyler told him that he had learned to smoke cigarettes in prison, that the papers were allowed to be smuggled in and the tobacco sold at the commissary, Judge West said that he felt that there must be something wrong with a system that will allow such things to happen. He said that another matter that is inconsistent is that the federal government allows liquor to be sold and collects taxes for it in territory where local laws prohibit the sale of liquor.

Today Attorney B. E. Tarver received a check for \$889.97 from the American Surety Company. The company went on the bond of E. H. Markel, former administrator of the estate of Lucy Devonshire. Tarver is now administrator, and the finding of the court was that the former administrator owed the estate \$889.97, which amount the surety company pays.

Suit for legal separation was brought today by Benjamin F. Kerns against Julia A. Kerns. Williams & Rutan are attorneys for the plaintiff.

For Dissolution
Attorney W. W. Simons today filed the petition of the Co-Operative Wholesale Commission Company of Orange County asking for dissolution as a corporation.
